Kahoot

Create a kahoot in 5 simple steps: 1. Go to https://kahoot.com, and sign up or sign in to your account.

2. Click "Create!". Pick a game type. You can choose from: Quiz (multiple choice questions), Jumble (put the answers in the right order), Discussion (one question survey without points) or Survey (a poll without points to gather opinions).

3. Once chosen, fill in the details and settings for the kahoot. Optionally, add a video to play in the lobby. Don't forget to add a cover image!

4. Set up questions and answers, and mark one or more correct ones. Tune time limits for hard questions and toggle points on or off. Add an image or YouTube video to the questions. Don't forget that you can also upload questions via spreadsheet.

5. When you're done adding questions, click "Save". Preview, play or share your newly made kahoot! Let's play!

6. To play in class, click "share" and send a link to yourself or put the link on your Moodle page.

7. To use as a quiz score, click on results and download.
