

## Linking to a URL (Website – Zoom video in the cloud – file/video stored in the cloud)

1. Go to your Moodle course
2. Turn on editing and then click on the Add activity or resource
3. Select the URL resource type
4. Fill in the Name (See image below)
5. Paste the link you copied from a website or other source into the External URL section
6. Click on the Save and display – test your link.

If you have a description you can paste it in that section and check the “Display description on course pages” check box if you want it to appear on the main course page.
