## **Math Lab**

[The Math Lab](#), The Math Lab is designed to be a place where students who are taking a math course at SBU can informally get assistance from knowledgeable staff members. The Labs are available about 20 hours each week during morning, afternoon, and early evening sessions in Room 303 De La Roche. Students are welcome to come to the lab to work on homework individually or in small groups and prepare for quizzes and exams. Students arrive and leave as their schedule permits and are not required to stay for the full session. Typically, the tutor will “float” from “student to student” or “group to group” to assist as many students as possible. The staff members have experience in a variety of math courses and assistance is generally available for Math 107, 108, 111, 112, 117, 121, 122, 135, 145, and 151. The Math Lab is not intended as a substitute for visiting with your math instructor. Specific hours for the Math Lab will be announced at the beginning of each semester.

## **Writing Center**

The Writing Center is located in the [Teaching & Learning Center](#). Writing Lab specialists assist (for free) students with writing, tailoring each session to a student’s needs. Students who desire assistance with paper writing, no matter the course subject, may avail themselves of the Writing Lab. Students may request assistance at any stage of paper development, from formulating outlines to final draft reviews. An appointment is not necessary, but is recommended. Call 375-2066 to schedule an appointment.

## **Plassmann Writing Center**

[The Plassmann Writing Center](#) offers free writing assistance to all members of the St. Bonaventure community. The Center, located in Plassmann Hall room 6A, is staffed by friendly graduate students in English who aim to help you at every stage of the writing process: understanding an assignment, discovering ideas, outlining, writing or revising a thesis, organizing an essay, improving clarity or concision, maintaining a consistent voice, understanding formatting and documentation, or learning how to edit or proofread your own work. Our goal is to help you develop skills and strategies that will enable you to write effectively in a variety of settings. In addition to numerous tutoring hours in the PWC itself, the Center offers additional hours at the Friedsam Library in the first floor main reading room.

To make an appointment for a thirty-minute face-to-face session with one of our tutors at the PWC, please sign up on the bulletin board next to our door, in the basement of Plassmann Hall. For an appointment at the Friedsam Library, sign up at the reference desk.
