

Welcome to the St. Bonaventure University Family from the **Office of Marketing and Communications!**

Our team serves the university in numerous ways. We can help advertise an upcoming event, publicize an interesting story or personal accomplishment, create publications, and help faculty, staff and student organizations enhance their presence on St. Bonaventure's website, [www.sbu.edu](http://www.sbu.edu).

Here are some of the other ways you may connect with Marketing & Communications:

### **Notice Board**

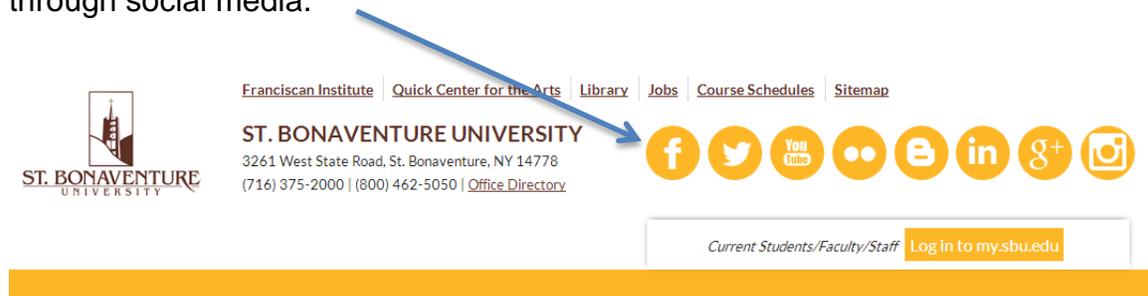

If you have your SBU email account, you have already started to receive Notice Board announcements. The weekday notices help keep you informed of what's happening on campus. View the notices on a laptop or tablet via <http://univfeed.com/notices.php>, where you can scroll through announcements by category. Prefer to view the Notice Board on a mobile device? No problem. You're just a tap away.

### **News You Can Use**

For the scoop on current and upcoming events, check out the headlines on our [News-Events webpage](#) and find the latest athletics news at <http://www.gobonnies.com>.

## Social Media

Our team also helps you connect with the SBU campus, alumni and friends through social media.
